**May 17-25, 2023**

**Borgarnes • Siglufjörður • Lake Mývatn • Egilsstaðir • Höfn • Hvalsövellur • Reykjavík**

## **Wednesday, May 17 • Overnight Flight**

We depart on our overnight flight to Reykjavik, Iceland.

## **Thursday, May 18 • Borgarnes**

Upon our arrival, we meet our guide and coach and transfer to nearby Viking World where we enjoy a buffet breakfast and have time to explore the museum to give us our first taste of Icelandic history. After breakfast, we head into Reykjavík where our guide acquaints us with some of the sights in the northernmost capital in the world. Today we will stop at *The Pearl*, a popular attraction in Reykjavík where we have access to the observation deck with a beautiful 360-degree view. After this brief tour, we travel to Borgarnes for lunch and time to stretch our legs. Our sightseeing in the afternoon includes the largest hot spring in Europe, Deildartunguhver, and the Hraunfossar and Barnafoss waterfalls. After a busy first day, we are ready to relax and have dinner at our hotel in Borgarnes. **B/L/D**

## **Friday, May 19 • Siglufjörður**

After an early breakfast, we travel east to Northeast Iceland. We learn more about Iceland's history and folklore as we pass through areas famous both for Viking settlements and tales of elven beings. Our first stop is in Varmilækur to visit a horse farm where we learn about horse breeding and get an introduction to the unique Icelandic horse breed with its special fifth gait – the tölt. We have lunch before visiting the Glaumbær turf farm which gives us a peak into life in Iceland in the 18th and 19th centuries. Finally, we arrive in the herring-fishing town of Siglufjörður. This pretty town is nestled in a dramatic fjord overlooking the vast Arctic Ocean. Upon our arrival, we visit the award-winning Herring Era Maritime Museum. Here we are introduced to the story of the 20th-century herring migration “boom” that transformed Siglufjörður into a bustling community overnight. Some historians believe this is the event that helped modernize Iceland as a nation. There is ample time to explore the museum's three buildings before sampling traditional rye bread, local herring, and Icelandic schnapps! After the visit, we check into our hotel. Tonight there is free time to explore Siglufjörður. Points of interest include the harbor, church, local art galleries, cafés, shops, and a micro brewery. **B/L/D**

## **Saturday, May 20 • Lake Mývatn area**

Today we visit the volcanic wonderland of the Lake Mývatn region. Along the way, we stop in Akureyri an important town in Northern Iceland, and at the awe-inspiring Goðafoss waterfall before continuing to Lake Mývatn, a paradise for nature enthusiasts and bird watchers. There is time for lunch and to explore the sights. Here we explore pseudo craters at Skútustaðir, peculiar lava formations at Dimmuborgir, the imposing Hverfjall Crater, and the multi-colored solfataras in the Hverarönd geothermal region and Krafla volcano. **B/L/D**

## **Sunday, May 21 • Egilsstaðir**

This morning we explore the Lake Mývatn area before traveling through a wilderness canyon created by a glacial river en route to Dettifoss, the mightiest waterfall in Europe. Our journey continues over the barren highland areas of Möðrusdalsheiði to the town of Egilsstaðir, the gateway to the East Fjords. This is the home to Iceland's largest forest, Hallormsstaðir, and to a legendary sea monster. The region is also gaining a reputation for its excellent local cuisine based on the game, organic farm products, and wild berries. We continue on to Egilsstaðir, where we check in to our hotel with time to relax or explore the town before dinner. **B/L/D**

### Monday, May 22 • Höfn

We head south this morning through breathtaking landscapes of the remote East Fjords. We enjoy the amazing views of steep mountains plunging toward the sea. Each fjord village has its own beautiful natural setting and special heritage. We visit one such village - Reyðarfjörður. It has connections to World War II and much of the French influence from its days as a base for French fishermen in the 19th and early 20th centuries can be seen. We visit the French Museum here. It is located in two stately buildings, the Doctor's House and the French Hospital, built by the French fishermen around 1900. The main attraction is in the tunnel that connects the two buildings as it has been turned into a replica of the sailors' quarters. Finally, we stop in Djupivogur, the southernmost town in the East Fjords. This little fishing village is in an area rich in bird life. As we head closer to South Iceland, we begin to see more of Vatnajökull Glacier. We overnight in the Hornafjörður area, a region in the shadow of the vast glacier. **B/L/D**

### Tuesday, May 23 • Hella

Today travel to the southern area of Vatnajökull National Park. The park is named after Vatnajökull, the largest glacier in Europe. We explore some of its numerous astonishing outlets and take a boat tour on the glacial lagoon, boating among huge icebergs in a unique scenic environment. We also visit the national park's Skaftafell area, a beautiful green oasis ringed by glaciers and volcanoes. We head across vast black sand plains formed by glacial flooding, as well as a volcanic landscape created by the world's largest single lava flow. We take a break for lunch on our own in Vík before our visit to Dyrhólaey, a solitary cliff teeming with bird life against a black sand beach. The final stop on the day's journey is a chance to admire the mighty Skógarfoss waterfall, and Seljalandsfoss waterfall which we can walk behind. Finally, we continue to our hotel where a late dinner awaits us. **B/D**

### Wednesday, May 24 • Reykjavík

Our day starts with great photo opportunities in the world-famous spouting hot spring area of Geysir. Every few minutes the Strokkur geyser erupts and sends a magnificent water and steam column high into the air. We continue to the magnificent Gullfoss waterfall, the "Golden Waterfall," believed by many to be the most beautiful waterfall in Iceland. We also stop at Þingvellir National Park (a UNESCO World Heritage Site), the ancient site of Iceland's first parliament. This is also where the North American and European tectonic plates meet, giving us the unique experience of walking between two continents. Our final stop of our busy day is at the new Sky Lagoon in Reykjavík and ocean side thermal lagoon. Here we connect with Icelandic traditions that relax the mind, body, and soul when we try, *The Ritual* - a truly unique journey that includes a cold water treatment, wet and dry sauna, steam bath, body scrub, mist shower, and then time to relax back in the lagoon. It is said to leave one rejuvenated, transformed, and connected to the elements. After this rejuvenation, we check into our hotel in the late afternoon and have a final farewell dinner at a local restaurant. **B/D**

### Thursday, May 25 • Return

We have a few hours this morning to explore the town of Reykjavík before our transfer to the airport for our return flight to the United States. Those who would like another spa experience, can take an optional excursion to the Blue Lagoon and then transfer to the airport. **B**

# DEVIATION REQUEST FORM

APPLICANT \_\_\_\_\_

## A DEVIATION is a customized return date on the air-portion of your tour.

- Deviation requests must be received in writing no later than 120 days prior to departure. Requests are processed on a first come, first served basis and participants are encouraged to submit requests as early as possible.
- Submitting a deviation request does not guarantee availability. All deviation requests are subject to the governing airline's rules and regulations regarding group air contracts. An airline may limit or deny a passenger's request to deviate from the group's flight itinerary.
- A representative from CETA Tours will contact you regarding the cost and flight schedule for your requested deviation. At that time, you may choose to confirm the deviation or cancel your request.
- All confirmed deviations will be assessed a \$150 processing fee per passenger in addition to any airline imposed fees or surcharges.
- Once a deviation has been confirmed, it is non-refundable and non-transferable. Any further request to modify the deviation itinerary will be considered a new request and will result in an additional \$150 fee plus any further airline imposed charges. All deviation fees will be added to the participant's invoice.
- Some deviation requests may require the purchase of an individual ticket. Individual tickets are non-refundable and full-payment is due at the time of purchase. This is in addition to normally scheduled payments to CETA Tours.
- CETA Tours is not responsible for providing accommodations, airport transportation or any other tour arrangements for passengers while traveling separately from the group.

## A LAND-ONLY package is when a traveler elects to make all of their own air arrangements.

- The traveler is responsible for notifying the group organizer that they will be arranging their own air transportation separate from the tour group and for providing the organizer with an up-to-date copy of their flight schedule.
- CETA Tours is not responsible for providing accommodations, airport transfers or any other tour arrangements for passengers while traveling separately from the group. Additionally, it is the traveler's responsibility to arrange to meet up with the tour; the tour group will not wait at the airport for travelers arriving separately from the group.
- Once a land-only traveler has secured their own air arrangements, they must submit a confirmed copy of the flight schedule in writing to CETA Tours. Only when CETA has received this information will future invoices reflect the reduced land-only tour cost.
